

Alexandra Timotheadi
Executive Director
EFG Dubai (Leading Swiss Private Bank)

Alexandra earned her bachelor's degree in Biology (BSc Hons) at the University of Bath in United Kingdom and hold a master's degree in International Management from King's College, University of London.

An investment advisor in private wealth management for the past 19 years and started her career in London where she worked in Morgan Stanley and Barclays Private bank.

In 2008 she relocated to Dubai and have been assisting high net worth individuals with their wealth management requirements. One of her focus areas has been financial education and wealth management for women in the Gulf.

Company Details:

EFG is one of the largest Swiss private banks with presence in all the major international financial centers and growth markets. Headquartered in Zurich, they have offices in 40 locations across Europe, the Middle East, Asia Pacific as well as the Americas.

EFG has a solid and liquid balance sheet and it is one of the best-capitalized Swiss private banks. In addition, the bank benefits from a stable shareholder structure.

A key driver of the bank's success is the fact that the Client Relationship Officers have always viewed themselves as entrepreneurs, who are here to serve their clients. They are passionate about cultivating long-term relationships that are founded on trust and they offer hands-on solutions.
